

LIST OF REPTILES AND BATRACHIANS
COLLECTED BY CAPT. U. FERRANDI AT BARDERA
BY G. A. BOULENGER, F. R. S.

REPTILES.

1. *Crocodilus niloticus*, Laur.
2. *Hemidactylus tropidolepis*, Mocq.
3. *Hemidactylus mabouia*, Mor.
4. *Hemidactylus macropholis*, Blgr.
5. *Varanus ocellatus*, Rüpp.
6. *Varanus niloticus*, L.
7. *Latastia spinalis*, Peters.
8. *Mabuia planifrons*, Peters.
9. *Lygosoma sundevallii*, A. Smith.
10. *Lygosoma productum*, sp. n.

Lygosoma productum.

Section *Riopa*. Body much elongate, subcylindrical; limbs weak; the distance between the end of the snout and the fore limb is contained three times in the distance between axilla and groin. Lower eyelid scaly. Snout short, moderately depressed, rounded. Supranasals present; frontonasal much broader than long, forming a narrow suture with the rostral and a broad one with the frontal; praefrontals small; frontal a little shorter than frontoparietals and interparietal together, in contact with the first and second supraoculars; seven supraciliaries; frontoparietals and interparietal distinct, latter smaller; parietals forming a suture

behind the interparietal; no nuchals; fifth and sixth labials below the eye, fifth largest. Ear-opening small, roundish, with a projecting lobule in front. 22 subequal smooth scales round the middle of the body. Praeanals not enlarged. Fore limb as long as its distance from the eye; fingers short, third and fourth equal; hind limb a little longer than the fore limb; fourth toe a little longer than third, with 14 feebly uncarinate lamellae inferiorly. Tail moderately thick, slightly longer than head and body. Reddish brown above, tail with numerous small round white spots, brownish white beneath, chin and sides of neck spotted with reddish brown.

Total length	175 millim.
Head	12 »
Width of head	7 »
Body	73 »
Fore limb	12 »
Hind limb	15 »
Tail	90 »

A single specimen.

11. *Ablepharus wahlbergii*, A. Smith.
12. *Glauconia emini*, Blgr.
13. *Python sebae*, Gm.
14. *Eryx thebaicus*, Reuss.
15. *Boodon lineatus*, D. & B.
16. *Zamenis smithii*, Blgr.
17. *Philothamnus semivariegatus*, A. Smith.
18. *Tarbophis obtusus*, Reuss.
19. *Rhamphiophis oxyrhynchus*, Reinh.
20. *Psammophis punctulatus*, D. & B.
21. *Psammophis biseriatus*, Peters.
22. *Aparallactus concolor*, Fisch.
23. *Naia nigricollis*, Reinh. var. *pallida*, Blgr.
24. *Causus resimus*, Peters.

BATRACHIANS.

1. *Chiromantis petersii*, Blgr.
